

LINEMEN GEAR UP FOR SAFETY

Did you know the BPU linemen wear special safety gear to protect them on the job? Complete this coloring sheet and learn how they stay safe. Remember to always look up and practice safety when playing outdoors near power lines!

Safety Goggles

Protective goggles keep debris out of the linemen's eyes while on they are working.

Hard Hats

These hats protect linemen from potential head injuries while working on electrical lines.

Rubber Gloves

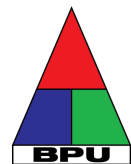

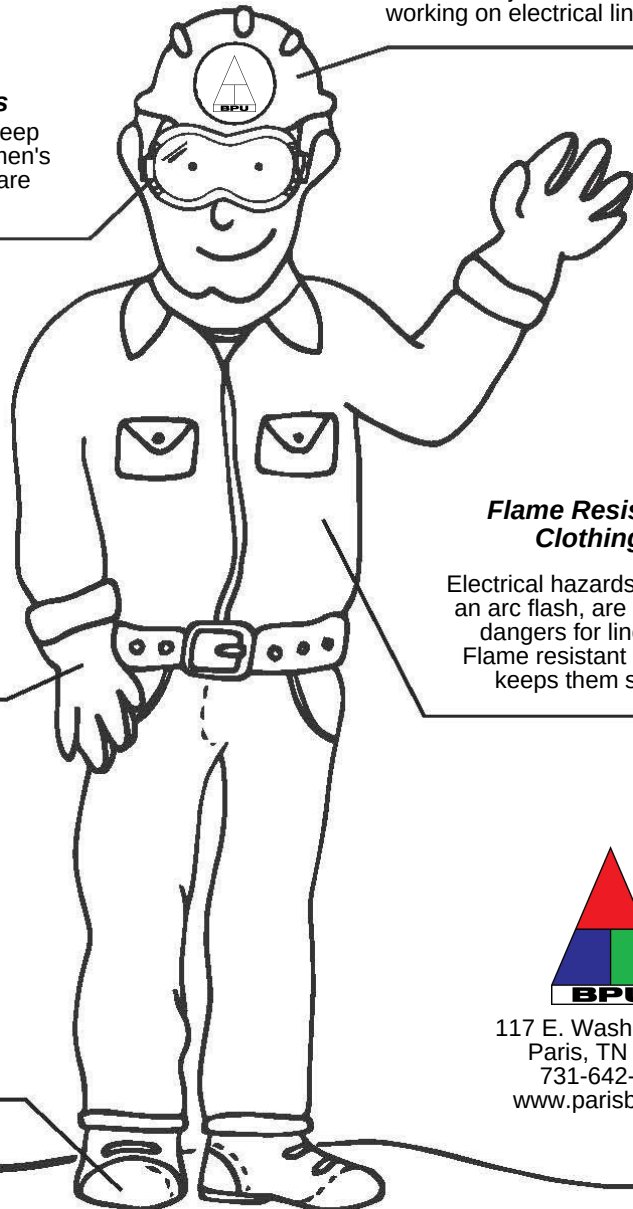

Rubber gloves are insulated and protect linemen from electrical shock while they work on power lines.

Flame Resistant Clothing

Electrical hazards, such as an arc flash, are potential dangers for linemen. Flame resistant clothing keeps them safe.

Steel Toe Boots

These boots provide extra protection while linemen work with heavy materials that could potentially fall near their feet.
