Primary Brand of Unit Used

Authorized Generator Installer Requirements

- \$500,000 General Liability Insurance*
- Workers' Compensation Insurance*
- Business License*
- Employ an electrician with an active TN State license*
- Storefront within 75 miles of the Henry County Courthouse
- Have factory-trained technicians employed directly by the installer
- Provide 24-hour service
- Be authorized by manufacturer of generator to sell, install and service the generator*

**Supporting documentation must be provided.*

As a program solely managed by the Paris Board of Public Utilities, I understand that it is at Paris BPU's discretion to remove installers from the list. I also understand that payment will not be received until the generator has been installed, passed state inspection and had a satisfactory inspection by the Paris BPU Energy Advisor.
